

Street Storm Treatment Priorities for City of Medicine Lodge Crews
Approved by City Council on January 4, 2010

A. When a predicted Ice/Snow Storm is imminent by NWS Doppler

Begin treating highest priority streets just before/as storm begins:

1. Hospital: Curry Lane Hill & Robie Street Hill
2. Fire Station: West Kansas between Cherry and Main
3. Public School: Surrounding Streets (if school is in session)
4. Uptown: hills and intersections around uptown brick streets
 - East Kansas and East First at Walnut intersections
 - West First between Main and Cherry

Evaluate if more treatment needed based on actual weather

B. Major Ice/Snow Storm--Order of /Salting/Sanding/Snow Plowing

1. First Priority is police, fire, hospital and airport access for emergencies:

-- Hospital access: Stolp St. from Hw 281 to Walnut St to Hospital and north to Curry Lane Hill and east to County maintained section of Curry Lane; Main Street from Stolp St south thru downtown to Hw160.

-- Airport and Heliport if county crews have not cleaned

-- Fire Station and Police Station: West First St from Main St to Hw 281.

-- Sheriff's Dept: East Washington from Main to Walnut, Walnut north by courthouse to Kansas St and West to Main St.

2. Public Schools: streets if school is in session.
3. Downtown business area and adjoining side streets including Kansas Ave. west to Hw 281
4. Major streets in all sections including NW and NE extremes
5. Side Streets in residential areas

Note: All requests from outside ML city limits are to be directed to county officials. No city vehicles or snow cleaning equipment will be allowed to leave the city limits. However, in a dire emergency an appropriate county administrator can request help from the city administrator who has emergency authority to authorize city employees to respond.
